### **Official DMTC Junior Program Anti-bullying Policy:**

A positive environment is needed if children are to have fun and learn some tennis, too. A few years ago, DMTC implemented a zero tolerance for bullying policy, similar to many other Dorval camps.

#### **Attendees Conduct**

The children and tweens come to DMTC Junior Tennis Summer Program to enjoy an exciting and fun-filled summer. They participate in new activities, develop new tennis skills, and make new friends. While in the program, all attendees are expected to behave appropriately. Parents will receive a verbal warning following the first incident involving their child. A written warning will be issued after a second incident. Parents will be asked to sign the written notice in acknowledgement of the incident in question. A third incident will result in suspension or expulsion from the summer program effective immediately. The DMTC reserves the right to expel any child who does not respect the rules.

#### **ZERO TOLERANCE FOR BULLYING POLICY, VERBAL OR OTHERWISE.**

I acknowledge and accept the terms and conditions of this policy. Please take note that in the event of expulsion, fees paid will not be refunded.
